

**Elite Fragmentation and Blast Resistant Helmet + Visor**

**Elite Helmet:**

- Fragmentation resistant MICH helmet with high tenacity aramid fiber construction
- Over-the-ears protection
- STANAG 2920 V50 = 550 m/s

**Elite Visor:**

- Dismountable from the helmet
- Extended length (12")
- STANAG 2920 V50 = 210 m/s
- Visor can be flipped up

**Elite Fragmentation and Blast Resistant Vest**

**Fragmentation resistant vest for protection to the following areas:**

- Front and back protection
- Full arm protection
- Extended Shoulder protection, left and right
- Front and Back Pelvic (groin) protection
- High Collar (neck) protection
- Front throat tab for throat protection
- Protection: NATO STANAG 2920, V50 = 450 m/s
- Customizable to torso dimensions, performance and weight

**Elite Fragmentation and Blast Resistant Trousers**

- Protection per NATO STANAG 2920 V50 (17 grain / 1.1 gram FSP): 575 m/s

**Additionally as an option, ballistic protection up to NIJ Level IIIA and NIJ Level III is available to be integrated into the Shin Guards**

- Standard coverage of protection consists of thighs and groin.
- Additional optional protection available for integration into the regular Shin Guards: Thighs and shoes (with fragmentation resistant overshoes)
- Fragmentation resistant overshoes provide blast and shrapnel resistant surround protection all around the regular shoes
- Available in Green, Blue, Black and Tan colors
- Design allows full articulation at the knees and the full range of operational motions as required by the end user
